As a thank-you to loyal OASYS customers who have also purchased the KRONOS, we are pleased to offer the following limited time credits towards the purchase of any Korg-produced KRONOS Sound Libraries. All registered OASYS owners will receive a \$100 credit as follows and for OASYS owners who purchase OASYS software options, there are additional credits :

LAC-1: \$250

MOD-7: \$250

EXs3: \$150

Credits are cumulative, so for instance if an OASYS owner has purchased all of the software options, there will be a total of \$750 in credits (\$100 + \$250 + \$250 + \$150 = \$750).

Note that these credits may be used to purchase Korg-produced KRONOS Sound Libraries only; products from third parties are not eligible. Only actual purchases of OASYS software options will qualify for credits; options registered for free do not qualify. All credits will expire on March 31, 2012.
